UnivariateData::Apply

```
graph LR; A[UnivariateData::Apply] --> B[Vespucci::Math::Quantification::IntegratePeakMat]
```

A diagram showing a call from `UnivariateData::Apply` to `Vespucci::Math::Quantification::IntegratePeakMat`. The call is represented by a blue arrow pointing from the `UnivariateData::Apply` box to the `Vespucci::Math::Quantification::IntegratePeakMat` box.
