

MapData::set_type

```
graph LR; A[MapData::set_type] --> B[MapData::type]
```

A diagram showing a relationship between two identifiers. On the left, a gray rectangular box contains the text 'MapData::set_type'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'MapData::type'. Both boxes have a black border.

MapData::type
